## COOKIES

Cookies are used to achieve two goals. The first is to provide GAC with the capability to **personalize information** for certain segments of its customer base. Secondly, in some instances, cookies are used to allow GAC the opportunity to **associate individual customers with their information profiles**.

## WHAT IS A COOKIE?

A cookie is a series of data characters that, when programmed into a Web site, is placed by the Web Server into the browser's application folder on your computer. Once placed onto your machine, the cookie will allow the Web site to "recognize" you as a unique individual. Please note that cookies can be removed from your hard drive. Also, depending on what type of web browser and what browser version you are using, you may be able to change the properties on your cookie file so that cookies are not used or saved. Please check with your browser provider for more information on removing cookies. You can also prevent your browser from accepting new cookies but we believe the advantages of accepting them is in your best interest.
