CURRENT INFORMING THE FUTURE

SAGA 2019

16th Biennial Conference & Exhibition

6 - 9 October 2019

Southern Sun Elangeni & Maharani | Durban

Student Support Programme

The 16th Biennial South African Geophysical Association (SAGA) Conference and Exhibition will provide a platform for geophysics students to meet, exchange ideas and initiate activities. All of this will take place with the support and under the flagship of SAGA. SAGA understands the students' need to participate in programmes that will increase their geo-scientific and technical knowledge, and their need to access a professional network where the next skilled generation will be recruited. With our current theme "Current informing the future" we challenge students to step up and consider contemporary approaches to/for advanced solutions for the future.

Dear Students

I am pleased to invite you, on behalf of the organising committee of the South African Geophysical Association's 16th Biennial Conference & Exhibition, to apply for a free conference registration for the upcoming SAGA 2019 conference and exhibition which will take place between the 6th – 9th of October 2019.

Our conference, a staple of the geophysical fraternity in Africa, will provide a forum for engagement, idea generation and sharing, and also host geoscientists from all types of fields.

If you would like to be part of this exciting opportunity, please write a **brief motivation** (500 words or more) emphasizing why you should be considered for such a fantastic opportunity and how it will enhance your future career goals. Also complete the form below. The motivation and form should be returned to info@sagaconference.co.za before **22 July 2019**.

16TH BIENNIAL SAGA CONFERENCE & EXHIBITION

6TH – 9TH OCTOBER 2019

SOUTHERN SUN ELANGENI & MAHARANI

DURBAN, SOUTH AFRICA

Student Funding Application Form

| | |
