The 15th SAGA Biennial Conference & Exhibition is now one year away, and preparations have begun to ensure that the experience is as exceptional as always. Embracing the theme of Expanding Frontiers, experts will be sharing novel methods and applications related to the field of geophysics.

The Conference, a staple of the geophysical fraternity in Africa, provides a forum for engagement, idea generation and sharing.

Our venue, The Lord Charles Hotel is one of the premier conference venues in Cape Town. Conveniently situated in the Cape Winelands, just half an hour’s drive from Cape Town International Airport and the CBD, it will provide a refined and contemporary style to the 15th Conference & Exhibition.

Social media is increasingly important to science and industry, as are a range of associated networking platforms. The event will integrate online content to ensure that delegates, presenters and exhibitors are kept informed of the activities on offer, maximizing opportunities. This integration begins with the official website www.sagaconference.co.za, where further information will be made available – registrations will open soon, so ensure that you’re on the mailing list – contact us now info@sagaconference.co.za.

The conference will provide networking opportunities to the range of delegates, which will include:

- Mining juniors & majors
- Petroleum companies
- Geophysicists, geologists, hydrologists
- Geoscience consultants and service providers
- Geophysical contractors
- Geoscience researchers
- Mathematicians
- Software developers
- University and industry academics and students
- Associated professional societies
Technical content presented at our conferences is world class, not an opportunity to be overlooked. Submission of abstracts will begin with the registration process so get working on yours now!

Special sessions include the launch of a newly established geophysical test site over the world-renowned Vredefort meteorite impact structure – in depth geological and geophysical investigations will be presented with contractors showcasing their efforts.

Workshops and field trips are not to be missed! Have an idea, want to host your own – contact us now to secure your place workshops@sagaconference.co.za.

Place your company in the spotlight through various sponsorship opportunities – contact us now sponsorship@sagaconference.co.za.

Exhibitions are always front and center at SAGA, with daily social and networking events ensuring that your booth is noticed. Space is limited so reserve your space now.

With thanks to our partners, the Society of Exploration Geophysicists, the Australian Society of Exploration Geophysicists, European Association of Geoscientists & Engineers, South African Council for Natural Scientific Professionals, and the Geological Society of South Africa.
